IES FOUNDATION YEAR
FOR THE UNIVERSITY OF QUEENSLAND

2020 PROSPECTUS

PROVIDED BY
INTERNATIONAL EDUCATION SERVICES
CRICOS Provider Number 01697J
RTO Number 5036

ACCREDITED AT
THE UNIVERSITY OF QUEENSLAND
AUSTRALIA
AS THE FOUNDATION YEAR FOR ITS UNDERGRADUATE COURSES
CRICOS Provider Number 00023B
Congratulations on taking the first step towards your pathway to success!

International Education Services (IES) has a proud history of preparing international students for The University of Queensland through our Foundation and English language programs. Since 1998, more than 8,000 students have continued on to study undergraduate degrees as diverse as Business Management, Economics and Journalism through to Engineering, Pharmacy and Biotechnology.

Throughout our 21 year history, we have taken care to maintain our core value of excellence in education. We strive to provide all students with an excellent experience through high quality programs and student services, ensuring they get the most out of their studies and life in Australia.

Our high standard of service is recognised by our partners, industry bodies and governments. IES has won several Queensland state awards, including the Best Pathway Program and Outstanding International Student Support. The awards recognise IES as “providing leadership and exemplary work in the area of pathway development and provision for international students”.

Most importantly, however, our students recognise the value and high quality of IES. Our programs continue to grow in popularity we are proud to announce that, pending accreditation, IES College plans to deliver the International Baccalaureate Diploma Programme to local and international year 11 and 12 students from 2021. Also based in Spring Hill, the newly refurbished facility will offer a contemporary approach to learning, and help in preparing culturally competent young people.

I look forward to welcoming you to IES and Australia.

Chris Evason
MANAGING DIRECTOR, INTERNATIONAL EDUCATION SERVICES
IES Foundation Year programs are designed to prepare international students for entry into the first year of all undergraduate courses at The University of Queensland, Brisbane, Australia. There are three programs available: Standard, Express and Extended. International Education Services delivers the programs in consultation and collaboration with The University of Queensland.

Standard Program: CRICOS Course Code 088290B
Express Program: CRICOS Course Code 088289F
Extended Program: CRICOS Course Code 088291A

The Certificate IV in University Preparation (10246NAT) is designed to help progress high achieving students interested in a career in allied health, engineering, and science into the first year of their University of Queensland undergraduate degree. Students who successfully complete all competencies will receive the Certificate IV in University Preparation (10246NAT), CRICOS Code 093462M.

The General English Program helps students to develop English skills for social, cultural and personal purposes. Students develop their confidence in communicating both socially and professionally while increasing fluency and accuracy. This program is suitable for students at a range of English levels commencing at Elementary, and includes Pre-Intermediate, Intermediate, and Upper-Intermediate. CRICOS Course Code 097244M.

IES College is a candidate school for the International Baccalaureate Diploma Programme, and is pursuing authorisation as an IB World School.* Subject to authorisation and CRICOS registration, IES College will offer the IB Diploma Programme from January 2021.

* Only schools authorized by the International Baccalaureate can offer any of its four academic programmes. Candidate status gives no guarantee that authorization will be granted.
WHY CHOOSE IES FOUNDATION YEAR FOR THE UNIVERSITY OF QUEENSLAND?

8,000+ IES students have transitioned into UQ since 1998

90% of each graduating class receives an offer to enter UQ

Inner city campus

21 years of experience in innovative teaching methods

40+ nationalities are represented at IES

UQ ranked 48th in the world QS World University Rankings, 2019

UQ ranked No.1 university in Australia for research Nature Index Tables 2018

UQ has more national teaching awards than any other Australian university

UQ ranked 11th most beautiful campus in the world Buzzfeed, 2015

IES awarded Best Pathway Program

IES was voted the most Outstanding International Student Support
SPECIALISED PROGRAMS
Subjects in the college curricula are developed in collaboration with senior UQ academics to provide students with the best preparation for their future undergraduate studies. Students develop an extensive range of academic skills essential to successful university study in Australia. Students have access to UQ facilities, such as laboratories, as part of their foundation studies. More than 8,000 IES students have entered UQ since the program began.

QUALITY LEARNING ENVIRONMENT
Teaching styles are varied and include lectures, tutorials and classroom delivery to maximise the potential success of every student. Students are supported in a safe and nurturing environment by friendly, multi-lingual, experienced Student Services staff and teachers.

SUCCESSFUL STUDENT OUTCOMES
All graduating students are placed in tertiary institutions with 85-90% of students gaining a place at The University of Queensland.

ENGLISH LANGUAGE SUPPORT
English Language Assistance (ELA) provides extra tuition for students who are either having difficulties with English in their studies or require IELTS test preparation classes, especially those who need an IELTS score of more than 6.5 for their undergraduate program at UQ. All ELA teachers are fully trained TESOL teachers.

PACKAGES
Packaged offers are provided to all students, including: English Pathway Programs (if additional English tuition is required); IES programs; and UQ undergraduate programs – all on one single visa.

SCHOLARSHIPS
A range of scholarships are offered for study in IES Foundation Year programs. These scholarships range from 25 to 50% reduction of all tuition fees. Undergraduate scholarships and bursaries are also awarded by The University of Queensland for outstanding IES graduates. Full details of all current scholarships are available at iescollege.com/foundation-year/scholarships

IES Foundation Year programs guarantee a place in an undergraduate program at The University of Queensland for all international students who meet the specified entry requirements.*

*Quotas apply in several programs.
Naly Deusdara Moreira e Silva
BRAZIL
IES FOUNDATION YEAR STUDENT

“I will cherish the memories made at IES for a lifetime! The time spent here has been full of learning opportunities, both inside and outside the classroom. IES is not only a fantastic platform to help prepare you to study at The University of Queensland, but it’s also a place that offers endless networking opportunities. Thanks to IES, I’ve had the chance to speak at a launch event and network with professionals from various industries in Australia, and was invited to attend the Multicultural Queensland Awards Gala event organised by the Queensland Department of Multicultural Affairs.”
ACADEMIC PROGRAMS

IES delivers several programs for international students to prepare for the Australian education system. The IES Foundation Year and IES English Pathway Program both ensure students get the most out of their studies and start university well prepared.

Three programs are available in the IES Foundation Year: Standard, Express and Extended. Program placement is determined after consideration of a student’s background, English competency and desired undergraduate program as well as any other additional requirements.

Each program offers both first and second semester start dates, with entry into university the semester following graduation. Students should be aware that some undergraduate programs are available from Semester One only.

Students receive the same high quality of tuition across the three face-to-face programs. All programs include the compulsory subjects of Academic English for University Studies (AE) and Mathematics, plus three electives depending on student undergraduate preferences.

Students can enhance their English competency before Foundation Year with the IES English Pathway Program (EPP). A 20-week and 10-week program is available depending on the student’s needs and provides intensive Academic English instruction to help them gain confidence.

**ENGLISH PATHWAYS EPP**

**EPP**
- 20 WEEKS
- CRICOS COURSE CODE 090349C

**EPP**
- 10 WEEKS
- CRICOS Course Code 090350K

“IES taught me the importance of work-life balance, which helped in improving the efficiency of my work performance. IES taught me how to enjoy my courses and the learning process, and that studying can be interesting and fulfilling. As a result, I managed to graduate with straight 7s and was successful in entering my desired program at UQ.”

---

**FOUNDATION YEAR PROGRAMS**

**EXTENDED PROGRAM**
- 47 WEEKS
- CRICOS Course Code 088291A

Offers additional support and services to help students maximise their success. The Extended program focuses on improving students’ Academic English and Math ability and gives them a head start on preparing for their Foundation Year assessment. The program is especially beneficial for younger students, students with high academic aspirations such as Pharmacy or Veterinary Science, and students who need to increase their English language competency.

**STANDARD PROGRAM**
- 41 WEEKS
- CRICOS Course Code 090350K

The Standard program is recommended for students with good academic results and English language proficiency. It is the most popular of the three programs. Students complete their studies in small class sizes and have full access to student support services throughout the duration of their studies.

**EXPRESS PROGRAM**
- 29 WEEKS
- CRICOS Course Code 088289F

It is designed for students who have stronger English language proficiency (IELTS 6.0 or above) and are capable of handling a faster, more intensive pace of tuition. It is also suitable for students who have completed a matriculation program in their own country but have not quite met the entry levels for undergraduate study or who need to gain assumed knowledge in certain subjects.

ENTRY REQUIREMENTS – ACADEMIC

IES FOUNDATION YEAR

ACADEMIC MINIMUM ENTRY LEVELS

- Forecast results are accepted where appropriate.
- Consideration is given to the actual subject studied. Depending on your preferred undergraduate program, a minimum grade in Mathematics may also apply.
- Entry to Express may require higher academic grades than those listed in the chart below. Eleven full years of schooling is also required.
- We will only accept an application if the results indicate the student will have a good chance of passing our program.
- Depending on the qualifications, 11 or 12 years of schooling is also required. For current and additional information on entry requirements, refer to our website: www.iescollege.com/foundationyear

ENGLISH LANGUAGE ENTRY REQUIREMENTS FOR QUOTA PLACES

Students applying for undergraduate programs subject to quota restrictions may need to meet higher IELTS or equivalent requirements for entry to IES Foundation Year. Programs currently subject to quota restrictions include Dental Science, Occupational Therapy, Physiotherapy, Nursing/Midwifery, Speech Pathology and Veterinary Science. For further information about quota restrictions and evidence of higher English language proficiency please refer to pages 22-23 or contact the Enrolments Office on info@fdn.uq.edu.au or visit www.iescollege.com/foundationyear

</tbody>
</table>
Students study five subjects over the duration of their Foundation studies. For those students who have chosen the Main Stream, Academic English for University Studies and Mathematics are compulsory subjects. For those students who have chosen the Humanities stream, Academic English for University Studies and Humanities and Social Sciences are compulsory subjects. In both streams students also study three elective subjects across a range of disciplines. Subject selection is based on the student's interests as well as entry requirements for their undergraduate preference*. Due to undergraduate requirements and potential scheduling conflicts, not all subject combinations may be available. Students, who have chosen the Humanities stream, may still be able to select Mathematics as an elective subject.

*Students who are interested in studying a degree program in The University of Queensland’s Humanities and Social Sciences Faculty are encouraged to study the Humanities stream.

**HUMANITIES AND SOCIAL SCIENCES**

This subject is an elective and is strongly recommended for any student considering a degree in the Humanities and Social Sciences. It is compulsory for those students who have chosen the Humanities stream. In this subject, students are supported to develop fundamental thinking and learning skills through the exploration of topics of interest and development of a creative portfolio. In Semester 1, students focus on developing their speaking and argument skills through the study of international perspectives: globalization, international policy, peace and conflict, intercultural communication and indigenous rights. In Semester 2, students work on developing reflective learning and creative thinking skills through the study of the creative arts, including the history of ideas, film and TV studies, pop culture, and Indigenous Australian art.

**COURSE STRUCTURE**

**MAIN STREAM**

**Compulsory subjects**

**ACADEMIC ENGLISH FOR UNIVERSITY STUDIES (AE)**

This core subject incorporates three major components. The first is instruction in academic English specifically for university level studies. Academic skills such as referencing, essay and report writing, seminar skills, note-taking, listening and reading skills are developed. The second component is an introduction to Australian contemporary world issues, including key aspects of the Australian population and demography, issues in the media, and government and politics. This component of the course also provides students with tasks that develop critical thinking and analytical skills. Finally, students are taught academic research skills. These include the use of electronic and academic databases, online resource evaluation, as well as basic word processing.

**MATHEMATICS**

To develop mathematical knowledge and skills for quantitative reasoning and problem solving, this subject builds understanding and competence in a range of key areas. The topics studied include computation, sequences, series and binomial expansions, common functions and their graphs, trigonometry, differentiation and integration, and statistics and probability. Applications to a wide range of contexts are considered, and experience is developed via investigations of real world questions, with the aid of mathematical technology tools.

**Elective subjects**

For the full list of elective subjects refer to pages 12 & 13.

**HUMANITIES STREAM**

The typical subject profile for those who study the Humanities stream is as follows:

- **Academic English (compulsory)**
- **Humanities & Social Sciences (compulsory)**
- **Behavioural Science**
- **Research**
- **Choose one more elective from the below options:**
  - Mathematics*
  - Economics
  - Business Management
  - Information Technology
  - Biology
  - Accounting
  - Architecture (available in semester 1 only)

*Students intending to progress into Education or Dual degree programs at The University of Queensland must select Mathematics as an elective.
ELECTIVES (CHOOSE 3)

**BIOLOGY**
This subject aims to develop students’ understanding of living organisms and their environment. Topics covered include classification, ecosystems, cell biology, the physiology of plants and animals, reproduction, growth and development, genetics and evolution. There is a field trip to Stradbroke Island, which is designed to emphasise and illustrate major habitats, life zones and ecological principles. There is also a practical component to the subject that instructs students in the proficient and safe use of laboratory and field study equipment.

**CHEMISTRY**
This subject aims to develop students’ understanding of basic chemical ideas. Topics covered in the first half of the course include atomic structure, chemical names, formulae and equations, quantitative calculations, periodicity, bonding and thermochemistry. In the second half of the course, key topics include gas laws, chemical equilibrium, acids and bases, solubility, redox reactions and basic organic chemistry. There is a laboratory component to this subject that instructs students in the proficient and safe use of laboratory equipment.

**PHYSICS**
This subject covers modern fundamental theoretical principles and basic experimental techniques of physics. It also aims to provide students with an understanding of the role of physical science in society. The subject is designed for students intending to study science or engineering subjects that require knowledge of physics, in particular computer and software engineering, electronic and electrical engineering, and civil engineering. Other areas of intended study include physiotherapy, veterinary science and medicine. There is a laboratory component to this subject that instructs students in the proficient and safe use of laboratory equipment.

**BEHAVIOURAL SCIENCE**
This subject provides a general introduction to the social sciences and helps students develop an understanding of human behaviour, both as individuals and as members of social groups and the wider society. The subject opens in the field of criminology. Students explore and analyse relevant social problems through the lens of differing perspectives and theories from criminology and sociology. Finally, they concentrate on the psychology of the individual, covering aspects of cognition, memory, social influence, learning, mental health and research. Throughout the subject, students are encouraged and supported to develop critical thinking, public speaking skills, and report writing skills.

**RESEARCH**
This subject focuses on engaging students in the research process through planning and writing their own research assignments on a topic of their choice. Students identify the different types of thinking skills required to understand issues from various perspectives and use this understanding to construct logical, original arguments. Students explore topical issues through small written tasks and prepare a planning document that forms the basis of the major research assignment. Students then follow a structured plan under teacher supervision to write their major research assignments and related supporting documents. Finally, the students present their findings to their classmates in an oral presentation.

“IES helped me to develop both academic and social skills. I learnt how to network, communicate and collaborate with people from different cultural backgrounds. I also learnt the foundational theories relevant to my undergraduate program at UQ. My education in Brisbane has helped me to secure a coveted position of Project Manager back home in Taiwan.”

Yu-Ta (Joshua) Chang
TAIWAN
IES & UQ GRADUATE
BACHELOR OF COMMERCE
ACCOUNTING
This subject focuses on supporting business decisions through financial management, reports and analysis. Students will experience managing an online retail business first-hand through IES’s Virtual Business eCommerce, which is a platform designed to increase students’ exposure to topics such as financial record-keeping, reporting, and making data-driven decisions. Students will use accounting software and MS Excel to assist them in processing financial information. They will also examine accounting standards, compliance and risk management to support decision-making. This subject aims to provide students with relevant practical and theoretical knowledge relating to the role of accounting within the business system.

BUSINESS MANAGEMENT
This subject covers a wide range of theory related to the disciplines of organisational behaviour, marketing, finance, human resource management and international business management. These topics are taught using a case study approach whereby theory is best applied to international practice. Students will learn how to produce technical documents including business, strategic, financial and marketing plans and be shown how to deliver presentations. Unique to IES, students work in a project team to manage a business enterprise in a computer-based virtual world known as the Virtual Business Enterprise (VBE). The program allows students to carry out the activities of developing and running a business in an engaging and challenging environment that closely matches the dynamics and complexities of organisational management in the real world.

ECONOMICS
This subject aims to provide students with a practical understanding of the core economic principles that explain why individuals, companies and governments make the decisions they do, and how their decision-making might be improved to make the best use of available resources. Students will examine the functions of the Australian economy and its interaction with the international economy. Students will study topics such as supply and demand, GDP, unemployment, inflation, interest rates, investment, government expenditure, taxation policies and balance of payments. Students will also learn to think like economists.

INFORMATION TECHNOLOGY
This subject aims to develop a solid background in the computer fundamentals that are essential for undergraduate students across all disciplines, whilst providing a robust foundation for students intending to pursue Information Technology degrees. Topics covered include image manipulation, web coding, information systems and programming. There is also a theory element that gives students a foundation in computer basics, number systems and the social issues related to the widespread use of computers. Students also engage in practical work and work collaboratively to complete the various stages of designing a functioning e-Commerce website project.

ARCHITECTURE
(Available in February Standard and May Express* programs only)
This subject introduces students to the design and construction of buildings, through an exploration of principles and techniques, as well as provides insights into architectural theory, history and practice. Students are given opportunities to undertake their own architectural design project in which they create an architectural brief, conduct a site analysis, carry out the design process and create models for the project.

*Some subject combinations are unavailable. Accounting/ Biology and Physics/Economics combinations are unavailable.

“IES played a fundamental role in helping me to improve my English language and academic skills. I learnt how to deliver oral presentations, engaged in essay and report writing, as well as fine-tuned my critical thinking and research skills. I really enjoyed every aspect of my time at IES, and studying there was one of the main reasons why I was able to succeed at UQ.”

Leslie Dominguez
ECUADOR
IES & UQ GRADUATE
BACHELOR OF BIOMEDICAL SCIENCE (HONOURS)
ASSESSMENT

Throughout the program, academic achievement is carefully monitored and students are given regular feedback on their progress. Students study 20-25 contact hours per week. In addition to formal class time, students are expected to study for at least 20 hours per week in their own time. Assessment depends on the subject, but normally comprises two examination papers, one or two assignments to be completed by a specified date during the course, laboratory practical work (if relevant) and seminar participation evaluation. Final assessment will take into account all of the above. All subjects are graded on a 7-point scale:

ASSESSMENT FOR ENTRY TO UQ

English entry requirements

English entry requirements for the majority of undergraduate programs is a grade of 5 for AE. Students may also provide evidence of English competency in the form of an IELTS score of 6.5 (with a minimum score of 6 for all sub bands). This will not apply to students whose prior qualifications already meet those needed for undergraduate entry, i.e. GCE O level, Australian High School Certificate Pass, etc. For more information, please refer to www.uq.edu.au.

UQ MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENT EQUIVALENCIES

<table>
<thead>
<tr>
<th>UQ MINIMUM ENGLISH LANGUAGE ENTRY REQUIREMENT EQUIVALENCIES</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academic English Grade of 5 (65%)</td>
</tr>
<tr>
<td>IELTS 6.5 overall, no band less than 6</td>
</tr>
<tr>
<td>Pearson Test of English (PTE) 64 with no band less than 6</td>
</tr>
</tbody>
</table>

TOEFL and other equivalencies accepted.

For more information contact info@fdn.uq.edu.au

Students wishing to enter courses where a higher level of English language competency is required (e.g. Dental Science, Laws, Nursing/Midwifery, Pharmacy, Physiotherapy, Speech Pathology and others) will need to obtain an IELTS score above 6.5. Some programs may accept a grade of 7 in Academic English. Refer to the table of entry requirements on pages 22-23 of this brochure, or refer to https://iescollege.com/foundation-year/home.

Ting-Wei (Danny) Tsai

TAIWAN

IES FOUNDATION YEAR STUDENT

“IES has taught me skills that are relevant to the ‘Bachelor of Regional and Town Planning’, which is my undergraduate aim at UQ. As such, IES has been instrumental in helping me reach my career goals to work in the government, and to hopefully become a politician.”
Hyewon Moon
SOUTH KOREA
IES ALUMNI & UQ STUDENT
BACHELOR OF VETERINARY SCIENCE (HONOURS)
UQ INTERNATIONAL STUDENT AMBASSADOR

“IES is an essential stepping stone for a successful university life. The curriculum provided me with key information needed to prepare for higher education at UQ. I developed good time-management skills at IES, and this has helped me in juggling both my studies and jobs at university. I highly recommend studying at IES, as it is your first step to a successful university journey in Australia.”
STUDENT COUNSELLING
Counsellors provide caring, experienced counselling and advice. Their assistance is readily available throughout the year for any personal or academic issues. Problems may be study focused or related to adjusting to life in another country. Students are encouraged to approach a counsellor as soon as problems present. Students are also offered access to a 24-hour mobile phone number, which they can call in cases of emergency.

ACADEMIC AND CAREER ADVICE
Counsellors provide a range of services and programs to help students settle into their new academic routines and living situations. Free seminars are available to students throughout the year on topics such as budgeting, resume writing, study skills and exam preparation.

INDIVIDUAL STUDY PLANS
Teachers and counsellors work together to identify students who are experiencing academic difficulties that require greater intervention strategies than the support available in extra tutorials. These students are closely monitored and assisted; their progress is recorded via Individual Study Plans.

CHANGES TO ENROLMENTS
For information about grounds on which a student’s enrolment may be deferred, suspended or cancelled, please visit www.iescollege.com/Enrolment-Terms

STUDENT SUCCESS PROGRAM
The Student Success Program (SSP) is designed to help at-risk students to achieve success at IES. This program is offered to a small number of students based on their English and Math entry test results. Each participating student has their own mentor, and they meet weekly to better understand their assessment tasks, gain access to resources, as well as identify and develop the relevant academic skills that helps with succeeding at IES.

SUPPORTING UNDER-18 STUDENTS
A range of services is provided for students aged under 18. Student Services also remains in regular contact with these students to ensure they are coping with their studies and new living arrangements. Under-18 students are also required to live in approved accommodation such as Homestay, Student One or Urbanest. More information is available on our website.

ACTIVITIES AND EVENTS
Learning is not restricted to the classroom. A full schedule of activities and multicultural events keep students interested and entertained during their studies. Activities range from recreational outings, which encourage students to socialise and explore Brisbane, to academic activities such as undergraduate information sessions and faculty visits to UQ. Students are also invited to join the Student Council to develop their extra-curricular skills. The IES Café is a favourite place for students to hang out and relax between classes. Serviced by a barista, the IES Café is located on the Ground Floor at our 433 Boundary Street campus.

ORIENTATION
At the commencement of each intake, a full orientation program provides students with an introduction to IES Foundation Year and Brisbane, and gives new students an opportunity to meet their peers. Students are provided with important information about IES Foundation Year policies and procedures, facilities and services, personal safety and health insurance, accommodation options and advice on adjusting to life in Brisbane.

ALUMNI GROUP
The Alumni Group is an important aspect in the continuation of care and support offered to students. Many students keep in touch with their teachers and friends via the IES Foundation Year Facebook page and IES events. Such platforms allow students to share their challenges, triumphs and career experiences, and serve as a support network that continues into their professional working lives. IES students have the chance to benefit from these interactions during The University of Queensland campus visits.

IES MATES
One of the best ways to improve English proficiency is to speak to people fluently in the language. IES Mates help students practice their communication and listening skills, and provides them with insights into life at university. IES Mates sessions are small, tailor-made tutorials. The informal setting allows students to share information and tips, and provides opportunities for them to relax in a comfortable non-classroom environment without the pressures of formal academic grading. IES Mates will help guide and support the students along their pathway to university.
A range of accommodation options are available for students including Homestay and rental properties. Student Services staff can provide support to students with accommodation.

**UNDER 18s**

Accommodation arrangements for students under the age of 17 must be made through Student Services. Students aged between 16 and 17 years are required to stay in Homestay, however students who are over 17 years old, may apply to stay with one of IES’s approved independent living providers.

**HOMESTAY**

IES partners with Australian Homestay Network (AHN) to provide all Homestays for IES students. Homestays are carefully selected and regularly monitored to meet IES requirements and provide each student with their own bedroom in a safe and secure environment. Depending on the package, meals can be provided throughout the week, e.g. the AHN Traditional package includes two meals Monday to Friday and three meals on the weekend. Homestay hosts are based in areas with convenient public transport to the IES campuses. For booking information, please contact accomm@fdn.uq.edu.au

**STUDENT ONE**

Student One provides independent living opportunities for students who have turned 17 years of age. Student One is located in the heart of Brisbane, close to dining areas, food shopping centres and is only a short distance away from IES campuses via the free shuttle bus. Pricing includes fortnightly room surface cleaning; bed linen pack; and basic crockery and cutlery, cooking equipment and kitchen utensils. There is a dedicated floor for all under 18 students and a staff member is available 24 hours to assist the students. Students over the age of 17 qualify for independent living.

**URBANEST**

Urbanest is located in South Brisbane near the lively restaurant and recreation precinct, Southbank. Urbanest provides an independent living option for IES students who are over the age of 17 at commencement of their studies. To better monitor student welfare, Urbanest also provides a separate living space for IES students between the age of 17 and 18. Urbanest has modern rooms and social spaces conducive for meeting people and making lifelong friends. Urbanest also has an active social calendar.

For more information and bookings, please contact: accomm@fdn.uq.edu.au or www.urbanest.com.au

**AIRPORT TRANSFER**

Student Services staff or student accommodation providers will arrange for under 18 students to meet at the Brisbane International Airport. Students are given a 24-hour phone number in case of changes to flight details. This service is for students only. Please note that this service is compulsory for students under 18 where IES acts as their guardian.

**18 AND OVER**

In addition to accommodation options listed above, students over the age of 18 can choose from several other independent accommodation options, including:

- The Johnson – Boundary Street, Spring Hill
- UniLodge – Margaret Street, Brisbane City
- IGLU – Mary Street, Brisbane City
- IGLU at Kelvin Grove – Blamey Street, Kelvin Grove
- Atira South Bank – 118 Merivale St, South Brisbane
- Raymont Residential College – 47 Cadell St, Auchenflower
- Scape South Bank – 149 Merivale St, South Brisbane
- UniLodge Buranda – 8 Gillingham St, Woolloongabba

Applications can be done online or directly with the facility.

It is the responsibility of the student to arrange independent accommodation, IES does not arrange these types of accommodation bookings.

For more information, visit www.iescollege.com/foundation-year/accommodation

For assistance, please contact accomm@fdn.uq.edu.au
IES is dedicated in empowering students to acquire entrepreneurial skills. Launching and managing start up businesses in a virtual world is a safe and exciting way for students from all types of backgrounds to think outside the box, nurture their confidence, and stimulate their entrepreneurship abilities.

VIRTUAL BUSINESS ENTERPRISE (VBE)

VBE is an on-going collaboration between IES and the UQ Business School, which creates an engaging way for students, teachers and the corporate sector to develop practical skills in business management, accounting and communication. VBE takes game-based learning to a new level. Teams operate a retail business and compete against each other in a virtual environment. Participants are challenged to work in teams to manage a virtual business and create a sustainable, profitable company in a highly competitive and unpredictable environment. The program also provides learners with the ability to apply theory to practice through the production of realistic, unique financial reports for each student-run business.

VBeCommerce

IES’s Virtual Business eCommerce program was developed as a simulated online retail environment aimed to hone students’ accounting and financial management skills. The platform allows students to experience first-hand real life business transactions and provides an interactive and innovative way for students to learn accounting. The students’ mission is to drive sales revenue and profit growth for their virtual business. They create marketing strategies, which include recording promotional videos, making e-Postcards which showcases their products and provides a QR code that gives people fast access to their online shops, as well as promote their businesses to potential customers on social media platforms. Processing the transactions, students are able to demonstrate relevant practical and theoretical knowledge of the role of accounting within the business system.
“IES was a great pathway in preparing me for study at UQ. I felt safe studying at IES knowing that there was a strong support network for under-18 students. IES also made me feel more comfortable about studying at university, as it helped me to adjust to the Australian tertiary education system, which was unfamiliar to me back then.”
As a UQ student you will receive opportunities, choices and support that will enable you to achieve your individual aspirations, to become a leader in your chosen field and to positively impact the society in which you live.

GLOBAL REPUTATION
For more than a century, The University of Queensland (UQ) has been internationally renowned as one of Australia’s most highly ranked and awarded learning and research institutions, delivering unparalleled teaching, learning and research excellence that creates positive change globally. UQ consistently ranks in the world’s top universities, as measured by several key independent rankings, including the Performance Ranking of Scientific Papers for World Universities (40), the US News Best Global Universities Rankings (42), QS World University Rankings (47), Academic Ranking of World Universities (54), and the Times Higher Education World University Rankings (69).

QUALITY PROGRAMS
Students who achieve the specific standards at IES are guaranteed a place in the first year of undergraduate courses at The University of Queensland. This does not apply for programs with a quota restriction. Please refer to the Undergraduate Entry Requirements on pages 22-23. As a UQ student, you can choose from over 120 undergraduate programs, some of which can be “customised” to a field of interest. Many UQ programs offer field trips and industry placements, helping you to emerge from UQ with the skills and knowledge you need to boost your career and meet the demands of today’s workplace.

TEACHING EXCELLENCE
You will receive one of the best learning experiences in Australia as you will be taught and guided by experienced teachers and researchers who have won more national Awards for University Teaching than any other Australian university.

CAREER PREPARATION
UQ recognises that learning does not just happen in the classroom and offers a number of academic and extra-curricular activities to complement your studies and prepare you for a successful career. In addition to field trips, internships, volunteering, further international study opportunities and undergraduate research programs, UQ offers students the UQ Employability Award program which helps students to develop skills outside the classroom to become well-rounded, highly sought after graduates. For more information, visit employability.uq.edu.au/award

GREAT CAREERS
UQ graduates are highly regarded by Australian and international employers. The 2019 QS Graduate Employability Rankings place UQ at #48 globally, meaning UQ graduates are well placed to secure employment.
SCHOLARSHIP OPPORTUNITIES

UQ offers a number of scholarships and bursaries specifically for IES graduates who demonstrate excellent academic performance.

VIBRANT CAMPUSES

Experiencing life beyond the classroom is a big part of university life, and UQ is a great place to meet new people, and access a wide range of sporting and cultural activities. UQ’s campuses boast beautiful, safe grounds where you can relax between classes or catch up with friends. UQ offers world-class sporting facilities; more than 200 social, sports and academic clubs and societies; as well as many cultural activities such as theatre, dances, concerts, movies, debates, barbecues, markets and art exhibitions. As an IES student you are welcome on campus and encouraged to participate in UQ activities.

Note: UQ (CRICOS Provider No 00025B) does not deliver the IES Foundation Year programs for The University of Queensland. International Education Services Limited is a separate organisation (CRICOS Provider No 01697J), which owns and delivers this pathway program at its Spring Hill campuses.
Entry requirements accurate as of December 2019 for entry into UQ, 2021. Subject to change. Please check the IES College website for the most up to date UQ entry requirements https://iescollege.com/foundation-year/entry-requirements.html. Please contact IES Enrolments should you have any queries: info@fdn.uq.edu.au

NOTES ON UNDERGRADUATE ENTRANCE REQUIREMENTS
All courses are graded from 1-7, with 7 being the highest. GPA refers to the Grade Point Average of all five subjects (AE, Maths, three optional subjects).
GPA 4 and AE 5 (or equivalent) is the minimum entry requirement for entry to UQ. For additional requirements, refer to individual degrees. Entrance to dual degrees must meet the requirements of both individual degrees.
There are limited places in Bachelor of Dental Science, Occupational Therapy, Physiotherapy, Nursing, Midwifery, Speech Pathology and Veterinary Science. Academic English proficiency requirements for the IES Foundation Year may be higher for students seeking entry to these programs. For current information, please contact IES Enrolments on info@fdn.uq.edu.au or visit https://iescollege.com/foundation-year/home.
Programs at St Lucia Campus unless indicated otherwise.
# Programs that commence in Semester 1 only.
*An Academic English (AE) grade of 7 satisfies the Higher English language proficiency requirements for these programs.
• Students undertaking these programs must obtain the higher English Language proficiency as per UQ’s requirements.
If the higher English proficiency requirement is not met prior to enrolment to IES or if a finalised AE grade of 7 is not achieved, an accepted English language test that meets the UQ program’s requirements will need to be taken and the required score achieved to meet UQ program admission requirements. Please see the English Language Proficiency requirements on the UQ Future Students Website: https://future-students.uq.edu.au or contact IES Enrolments on info@fdn.uq.edu.au
For up to date information on UQ program offerings please refer to https://future-students.uq.edu.au/

BRISBANE: AUSTRALIA’S NEW WORLD CITY

Brisbane is the capital of Queensland, on the east coast of Australia. Brisbane is one of Australia’s fastest growing metropolitan cities, and is an influential leader in the Asia Pacific region. Known for its cultural diversity and thriving state economy, Brisbane is widely recognised as Australia’s New World City.

The central business district is surrounded by magnificent landscapes and if you want an escape for the day, you are only a short distance away from world famous beaches, breathtaking natural sites, as well as rainforests and reefs. It is not surprising that Queensland attracts more than 50% of all international tourists in Australia!

Brisbane is also a green and sustainable city, and has beautiful parks such as the City Botanic Gardens, South Bank and Roma Street Parklands.

STUDENT LIFE AND BEYOND

Brisbane has established a global reputation as a centre of educational excellence in the international community. This modern and vibrant city contributes towards leading the world in the fields of healthcare, biotechnology, education, infrastructure and architecture.

Brisbane is also home to the world-class educational institution, The University of Queensland (UQ). Ranked among the world’s top 50 universities, UQ has a well-deserved reputation as one of Australia’s premier learning and research institutions. Due to the strong economic growth and increasing job opportunities, Brisbane is known as one of Australia’s most exciting cities for international students. In the latest QS ranking, Brisbane was the 22nd best student city in the world and had one of the highest student ratios of any city*.

As Brisbane is Australia’s fastest-growing capital city for employment, it offers an exciting range of career opportunities in both the public and private sectors.

*2019 QS World University Rankings Source: https://www.uq.edu.au/about/university-profile

MULTICULTURAL AND DIVERSE CITY

Brisbane is a multicultural city with much to see and explore. Queenslanders speak more than 180 overseas languages, hold more than 110 religious beliefs and come from 195 countries and major geographical locations. The city celebrates its diversity with many cultural festivals held throughout the year, such as the BrisAsia Festival, Panjiri Greek Festival, India Day Fair, Queensland Italian Week, Buddha Birthday Festival, Oktoberfest and many more. This provides opportunities for individuals to understand different cultures, and ultimately to become world citizens.
CLIMATE
With more than 300 days of sunshine per year, Brisbane is known for having one of the best climates in Australia. Loved for its sub-tropical humid heat, people flock to Brisbane to enjoy its beautiful coastal areas, and scenic tourist spots. In winter, daytime temperatures rarely fall below 20°C, and are mild as compared to other cities. In between, spring and autumn are generally popular with students, especially in October when the purple Jacarandas start to bloom.

AFFORDABLE COST OF LIVING
Brisbane has one of the lowest costs of living as compared to other modern Australian cities – from tuition fees to public transport to accommodation and meals. As such, you will receive a high-quality standard of living without worries of breaking your budget. Students are able to enjoy concession discounts when travelling on Brisbane’s connecting buses, trains and ferries.

SAFE AND WELCOMING CITY
Brisbane is recognised as a safe and welcoming place to live and study. Aside from having a stable economic and social environment, it is an inclusive study destination for international students. For example, international students will have opportunities to take photos with Brisbane’s Lord Mayor at the International Student Friendship Ceremony, and attend the City Welcome Festival, which is known as Australia’s largest city Orientation Day.

FACTS

- Brisbane’s population is 2.5 million people
- Average temperature most days of the year: +21°C to 28°C
- 1,100 people move to southeast Queensland every week
- Brisbane named 8th most beautiful city in the world
- Australia’s fastest-growing capital city for employment

CROSS CULTURAL ENGAGEMENT

IES recognises the importance of improving social cohesion in Australia and the outcomes for organisations operating in an increasingly diverse society. Bringing together education, discovery, culture and art, IES prides itself in offering its students unique ways to experience education.

Amongst other opportunities, some of the diverse programs our students can have access to include the Cultural Competence Program, the Cultural Atlas, the Chrysalis Young Leaders Conference, the Indigenous Art Collection and IES Artists-in-Residence.

DIVERSITY AND INCLUSION

The Inclusion Program, a collaboration between IES and SBS, is Australia’s leading online training course to help companies embrace diversity and promote a safe and happy workplace. Within the Inclusion Program, the Cultural Competence Program (CCP) aims to build capability around cultural diversity in the workplace. More information about the CCP can be found here at https://cultural-competence.com.au

IES is also collaborating with SBS to provide the Cultural Atlas, a free online platform that aims to improve social cohesion by providing comprehensive information on the cultural backgrounds of Australia’s migrant population. More about the Cultural Atlas can be found at https://culturalatlas.sbs.com.au/

Above: Janice Petersen, SBS Television Presenter; Chris Evason, IES Managing Director; and Noni Eather, Member of the Campfire Group, also depicted in the IES College Mural.
CHRYSLIS

The Chrysalis Young Leaders Conference helps develop the leadership skills of students in their final three years of secondary education. The program aims to provide a model experience of how students from different cultural backgrounds interact with each other. This intensive, one-week conference helps students enhance their critical thinking and creative skills, and assists in prompting intellectual discussions about current affairs. On top of an excellent academic program, Chrysalis offers a range of extra-curricular activities.

INDIGENOUS ART COLLECTION

Art has the capacity to generate cross-cultural engagement, and provides regular opportunities for IES students and staff to work alongside Indigenous artists through our Artists-in-Residence program. There are dedicated galleries with over 150 artworks through themes that include Kinship and Country and Political Art displayed throughout IES’s campuses. In 2019, IES will open a Microscopy Gallery, an initiative which seeks connections between Indigenous art practice and the representation of the natural world through high-resolution, microscopic imagery.

ARTISTS IN RESIDENCE

Artists-in-Residence have included Brisbane-based and Bentinck Island born Kaaidilt artist, Claudia Moodoomuthi, who worked with IES students on the collaborative painting Mapping Culture, as well as a series of painted skateboards. IES also brought an indigenous artist from Colombia, Eliana Muchachasoy, to collaborate with students and introduce a broader view of Indigenous affairs that are not confined to Australia.

WORKING WITH INDIGENOUS COMMUNITIES

As part of IES’s work with Indigenous communities, we have established strong, reciprocal working relationships with a number of key regional art centres, particularly Ikuntji Artists situated in Ikuntji/Haasts Bluff in the Northern Territory, west of Alice Springs. This relationship allows IES students and staff to travel to Ikuntji to visit and meet with the community, and resulted in IES’s donation of a mini bus to the art centre to assist with the mobility of community members. IES students worked with Ikuntji Artists-in-Residence to help design and paint their own objects, to express cultural identity and solidarity with Indigenous Australians.

EXTRAORDINARY EXPERIENCES

IES also occasionally grants the Adventure Scholarship to extraordinary destinations. The inaugural scholarship was awarded to Foundation Year and University of Queensland alumni Chi Wa Iao. Wa Iao travelled to Antarctica with environmentalist and hero, Robert Swan, during an Antarctic Expedition to raise awareness about climate change and global warming.
Temiloluwa (Temmy) Adeduro
NIGERIA
IES ALUMNI & UQ STUDENT
BACHELOR OF ENGINEERING (HONOURS)
2019 BRISBANE INTERNATIONAL STUDENT AMBASSADOR

“The environment at IES is welcoming and relaxing, and I find the staff very supportive. Thanks to IES, I had the amazing opportunity to become the 2019 Brisbane International Student Ambassador representing Nigeria. In terms of academics, IES will not only teach you the theories, but will also provide you with a practical, hands-on approach to help you understand how things work. Your hard work will pay off, so be patient, determined and remember to make new friends in the process!”

Ho Yeung (Ocean) Cheung
HONG KONG
IES ALUMNI & UQ STUDENT
BACHELOR OF BUSINESS MANAGEMENT
MANAGING DIRECTOR AND CO-FOUNDER OF STARTUP INTERNS
2019 OUTSTANDING YOUNG ACHIEVER QUEENSLAND AWARD RECIPIENT

“I was part of the Student Council at IES, and we were given opportunities to learn how to work with others as a team when dealing with challenges. This enhanced my leadership, creativity, time management, organisational and interpersonal communication skills, as well as my English language proficiency. I am now the co-founder of a business called Startup Interns, which helps provide employability and entrepreneurship support to international students in Australia. I was also fortunate to be the recipient of the 2019 Outstanding Young Achiever award.”
Lynn Yerin Kim
SOUTH KOREA
IES ALUMNI & UQ STUDENT
BACHELOR OF BUSINESS MANAGEMENT
UQ INTERNATIONAL STUDENT AMBASSADOR

“IES has helped me in improving my English language and critical thinking skills. I am now confident and able to express myself in more creative ways. IES also has a great support network for international students, and this includes teachers, student services staff and fellow students. It is like a home away from home!”
These fees and charges are correct as at October 2019 but are subject to variation. Fees are not subject to change once a student has been offered a place in a particular program. Please refer to our website iescollege.com/foundationyear for up-to-date fees information.

Architecture (available in semester one only): [ ]

*Students intending to progress into Education or Dual degree programs at The University of Queensland must select Mathematics as an elective.
Declaration

I have read, understood and agree to abide by the Terms of Enrolment, including the Refund Policy applicable to my chosen program(s), located at: https://iescollege.com/foundation-year/enrolment-terms.html.

I understand that it is my responsibility to provide all necessary documentation to support this application. Further, I authorise IES to obtain further information where necessary. I understand that if I provide incorrect or incomplete information, it may result in the cancellation of my enrolment.

I understand that IES may use the VEVO website to confirm my visa status and conditions.

I am aware of the extent of the tuition and living costs associated with studying my chosen program(s) at IES and I am prepared to meet these costs.

I will make every endeavour to meet the requirements of my chosen program(s) and maintain satisfactory academic progress and attendance.

Further I accept that IES will determine the grades that I achieve in my chosen program(s).

I hereby allow IES to take and use images and video of me for use on the IES Website, on IES Social media platforms, and in IES Marketing collateral.

Further, I understand that if I do not wish for IES to use my image as described above, I can opt out by ticking this box.

I understand that this declaration and the availability of IES’s complaints and appeals processes does not remove the right to take further action under Australia’s consumer protection laws.

I understand that a description of the Australian Government regulations which regulate programs for international students can be found at: https://internationaleducation.gov.au/regulatory-information/pages/regulatoryinformation.aspx.

Signature: Date:

Signed by Student or Parent/Guardian (if student under 18)

Application Process

1. Preference is given to applications submitted via the online service at iescollege.com/foundationyear. Alternatively, complete and return this application form by email, fax OR mail to the address below together with certified copies of your academic records and English language proficiency (IELTS or TOEFL).

2. Your application will be assessed and if successful you will receive a formal offer (conditional or unconditional) by email/fax. The original offer/s will be sent by email to yourself or your agent.

3. To accept this offer you should return the following documents:
   - a copy of your passport,
   - the completed Guardian Form (if under 18 years)
   PLUS
   - payment of the first instalment of fees.

   Payment can be by:
   - bank draft made out to INTERNATIONAL EDUCATION SERVICES;
   - credit card;
   - Telegraphic Transfer (TT), transferring to our bank account:
     International Education Services, Commonwealth Bank, Beaudesert Branch, 66 Brisbane St, BEAUDESERT QLD 4285.

4. Please email a copy of the deposit slip/TT or copy of bank draft to IES. Your contact for all payment options is Enrolments Manager, Fax 617 3831 2550 or 617 3832 9850.

5. Once payment details have been confirmed by the bank, COEs (Confirmation of Enrolment) for the IES Foundation Year and UQ course will be sent to you. The CAAW (Confirmation of Appropriate Accommodation/Welfare Arrangements) form will also be issued for students under 18 years.

   Please note: COEs and CAAW form CANNOT be issued before IES receives the Guardian Form.

   Until the COE and CAAW form are issued, a student cannot be granted a student visa.

   Please indicate if you have any disability that may require extra services or special consideration.

To obtain a copy of the IES Foundation Year brochure, please contact:

The Enrolments Manager  Web  iescollege.com/foundationyear
International Education Services  Email  info@fdn.uq.edu.au
PO Box 989 Spring Hill  Phone  +61 7 3832 7699
